

Acknowledgment

Any document involving a complex technology draws material from a vast number of sources across many continents. While the principal members of the IPC/WHMA-A-620 Task Group (7-31f) of the Product Assurance Subcommittee (7-30) are shown below, it is not possible to include all of those who assisted in the evolution of this standard. To each of them, the members of the IPC and WHMA extend their gratitude.

Product Assurance Committee

Chair

Robert Cooke
NASA Johnson Space Center

Vice Chair

Debbie Wade

Wire Nutz A-Team

Global Electronics Association recognizes these A-Teams for their exceptional leadership and effort in the development of this standard. A-Teams are dedicated groups of volunteers who undertake a significant amount of work in standards development on behalf of their group.

A special thank you to the Wire Nutz for their dedication and commitment to this effort. Their support and time during the development of this document is greatly appreciated. A list of members at the time this document was published are listed below.

Debbie McDade
Advanced Rework Technology
Michael Lau*
Altex Inc.
Jonathon Vermillion
BAE Systems Space & Mission
Systems Inc.
Thomas J. Carle
BAE Systems Space & Mission
Systems Inc.

Scott Meyer
Collins Aerospace
Symon Franklin
Custom Interconnect Ltd
Christina Rutherford*
Honeywell Aerospace
Robert Cooke
NASA Johnson Space Center

Garry D. McGuire
NASA Marshall Space Flight
Center
Wendell Stephens (alternate)
NASA Marshall Space Flight
Center

Thank you to Calibrated Chaos for their dedication in working comments related to the calibration requirements in the document.

Michael Lau
Altex Inc.
Thomas J. Carle
BAE Systems Space & Mission
Systems Inc.
Jonathan Vermillion
BAE Systems Space & Mission
Systems Inc.

Scott Meyer
Collins Aerospace
Symon Franklin
Custom Interconnect Ltd
Christina Rutherford
Honeywell Aerospace

Garry D. McGuire
NASA Marshall Space Flight
Center
Wendell Stevens
NASA Marshall Space Flight
Center

Thank you to 7-31F-AT8 Dress for Success for discussing and providing a recommendation for wire length outside the contour of the wire bundle.

George M. Tristan*
BAE Systems Space & Mission
Systems, Inc.
Richard Rumas
Honeywell Aerospace

Sukhgewanpreet Singh
Lockheed Martin Missiles & Fire
Control

Chris Fitzgerald
NASA Goddard Space Flight
Center
Robert Cooke
NASA Johnson Space Center

Acknowledgment (cont.)

Thank you to Every Version of Tie for addressing the various words used interchangeably for tie wraps in IPC/WHMA-A-620F.

Thomas J. Carle BAE Systems Space & Mission Systems Inc.	Keith D. Walker Honeywell Aerospace	Tyler Siebert Lockheed Martin Missiles & Fire Control
Ken Brockman Collins Aerospace	Jeffrey P. Black Intervala, LLC	Robert Cooke NASA Johnson Space Center
Michael Timney* Daniels Manufacturing Corporation	Thomas Silvers Lockheed Martin Missiles & Fire Control	

Thank you to Formed vs. Deformed for reviewing alternate ways to present deformation requirements.

Thomas J. Carle* BAE Systems Space & Mission Systems Inc.	Ethan Tittle Circuit Technology Training, Inc.	Garry D. McGuire NASA Marshall Space Flight Center
---	---	--

Thank you to In the Nick of Time for reviewing the exceptions to Table 3-1 and offering a better way to present the criteria.

George M. Tristan BAE Systems Space & Mission Systems, Inc.	Scott Meyer* Collins Aerospace	Jeffrey P. Black Intervala, LLC
	Christina Rutherford Honeywell Aerospace	Randy Bremner Northrup Grumman

Thank you to Is It Odd or Is It FOD for their Trisynergy effort (with the J-STD-001 Task Group and IPC-A-610 Task Group) to look at the definition and requirements for contamination.

Jonathon Vermillion BAE Systems Space & Mission Systems Inc.	Thomas J. Carle BAE Systems Space & Mission Systems Inc.	Christina Rutherford Honeywell Aerospace
	Symon Franklin Custom Interconnect Ltd	Paul Kirpes* Los Alamos National Laboratory

Thank you to The Wordsmithing A-Team for making a recommendation on how to wordsmith requirements for labeling tools.

Thomas J. Carle BAE Systems Space & Mission Systems Inc.	Symon Franklin Custom Interconnect Ltd	Daniel L. Foster Missile Defense Agency (MDA)
Christina Trussell Blue Origin, LLC	Christina Rutherford Honeywell Aerospace	Garry D. McGuire NASA Marshall Space Flight Center
Titus Rumph Collins Aerospace	Tyler Siebert* Lockheed Martin Missiles & Fire Control	

Thank you to Team Redundant for making recommendation on removing redundancy between shall statements and bulleted acceptance criteria in IPC/WHMA-A-620F.
