Global Electronics Association

SOUTH EAST ASIA & INDIA NEWSLETTER

JULY – SEPTEMBER 2026

Dear member

The Global Electronics Association, established in 1957 in the USA, brings together stakeholders across the electronics manufacturing value chain, representing members from more than 70 countries, including India and Southeast Asia.

As global supply chains evolve and new technologies accelerate industry transformation, India and Southeast Asia are emerging as strategic hubs for electronics manufacturing, semiconductor innovation, and advanced packaging. Increasing investments, supportive policies, and a growing talent base are creating significant opportunities for sustainable growth and regional collaboration.

The Association is committed to supporting this momentum by advancing internationally recognized standards, workforce development, certification programs, market intelligence, and industry collaboration.
We work closely with manufacturers, suppliers, academia, and government stakeholders to strengthen capabilities, improve quality, enhance supply chain resilience, and enable global competitiveness.

Across India, Malaysia, Thailand, Vietnam, and the Philippines, we continue to expand opportunities for technical knowledge exchange through industry events, training and certification programs, networking forums, and strategic initiatives that support the future of electronics manufacturing.

Through this Quarterly Newsletter, we aim to keep our members informed, connected, and engaged with the latest industry developments, upcoming events, training opportunities, sustainability initiatives, and market insights shaping the electronics ecosystem across the region.

Thank you for your continued support and partnership as we work together to build a stronger, more innovative, and more connected electronics industry.

GAURAB MAJUMDAR
Vice President
Southeast Asia, India,
Middle East, Africa & Oceania

VIETNAM

PAST EVENT

The first **IPC CFX Demo Line in Vietnam** was showcased in **Hanoi** from **September 16–18, 2026**. Guided Demo Line Tours were also organized, giving participants an opportunity to explore the connected manufacturing environment firsthand.

INDUSTRY ENGAGEMENTS

Vietnam Team met with a wide range of stakeholders across Vietnam's electronics ecosystem, including manufacturers, industry associations, government and standards organizations, and academic institutions.

THAILAND

PAST EVENT

Sudachit Boonlert of Fabrinet secured **first place** in the **Thailand Hand Soldering Competition Regional Round**, held on **August 26–27, 2026**, at **THECA Show**

INDUSTRY ENGAGEMENTS

Thailand Team visited key electronics manufacturing clusters across **Lamphun, Chonburi and Rayong**, where they engaged with industry Members, gained insights into evolving manufacturing and workforce needs, and identified opportunities to strengthen **technical capabilities, standards adoption, quality improvement and collaboration** across Thailand's electronics ecosystem.

MALAYSIA

PAST EVENT

Dr. Ranee Ramya, Country Manager represented the association as a panelist at **EMAX 2026**. During the session, **"The Future of Modern Circuitry: PCB Design, Energy Efficiency & Circuit Technologies Supporting High-Performance Electronics."**

INDUSTRY ENGAGEMENTS

Gaurab Majumdar, Vice President – India, Southeast Asia & MEA, along with **Ms. Manvi Kapoor, Manager – Events & Stakeholder Engagement**, held a series of meetings in **Kuala Lumpur, Malaysia**, with Ambassadors and Trade Commissioners from the Embassies and High Commissions of **Mexico, Egypt, Chile, Australia, New Zealand, Canada, the UK, and France**. The meetings focused on trade, investment, opportunities, and strengthening collaboration across the electronics and semiconductor ecosystem, along with the upcoming IEMI 2027 event.

PHILIPPINES

INDUSTRY ENGAGEMENTS

Engr. Lovely Las Marias, Manager – Member Relations, met with the **Philippine Economic Zone Authority (PEZA)** to discuss IEMI and introduced the Global Electronics Association and IEMI 2027 to the **Subic Bay Metropolitan Authority (SBMA)** and the **Board of Investments (BOI) – Department of Trade and Industry (DTI).**

INDIA

PAST EVENT

The **"Improve Your Soldering Skills Through IPC Standards"** Skill Challenge was organized at the **electronica India and productronica India** from **September 16-18, in Bengaluru**, providing participants with an opportunity to demonstrate and strengthen their soldering skills.

INDUSTRY ENGAGEMENTS

Gaurab Majumdar, Vice President – Southeast Asia, India & MEA, attended **electronica India and productronica India 2026** as a **Guest of Honour** at the inaugural session. During the exhibition, he engaged with members and industry leaders across the electronics value chain on standards, workforce development, technical programmes, supply-chain resilience, and Global Events.
