

# MALAYSIA NEWSLETTER

» JAN-MAR 2026

**GAURAB MAJUMDAR**  
Vice President  
Southeast Asia

## Dear Member

The Global Electronics Association (formerly IPC) continues to strengthen its engagement across Southeast Asia, with Malaysia emerging as a key hub for electronics and semiconductor manufacturing. The region's growing momentum in innovation, investment, and ecosystem development presents significant opportunities for industry collaboration and growth.

As part of this commitment, the Association has established its Malaysia office in Penang, enabling closer engagement with industry and government stakeholders. Through this office, the Association is supporting the ecosystem with **standards adoption, workforce development programs, and Advanced Electronic Packaging (AEP) initiatives** to strengthen Malaysia's position as a global hub for semiconductor assembly, test, and next-generation packaging technologies through knowledge sharing, guidelines and standards development.

In line with these efforts, the Association is organizing industry networking and technical sessions across key cities in Southeast Asia, creating opportunities for knowledge exchange, collaboration, and capability development.

We are pleased to announce that the **5th edition** of the **Integrated Electronics Manufacturing & Interconnections (IEMI) 2027** will be hosted in Malaysia, providing a global platform to connect the electronics manufacturing industry, drive partnerships, and strengthen regional and international collaboration.

Through this newsletter, we aim to keep you informed and connected with the latest industry developments, upcoming initiatives, and opportunities across Southeast Asia.

## INDUSTRY & GOVERNMENT ENGAGEMENTS

The **Global Electronics Association** Malaysia Team met with key industry stakeholders and government agencies to drive industry collaboration, standards implementation, and skills development initiatives within Malaysia's electronics sector.

The Federation of Malaysian Manufacturers (FMM) - Industry

Malaysia Convention & Exhibition Bureau (MyCEB) Government

Invest Selangor Berhad

Malaysian Investment Development Authority (MIDA)

HRD Corp - Human Resource Development Corporation

Jabatan Pembangunan Kemahiran (JPK)

## UPCOMING EVENTS

# Best Practices of Electronics Assembly

Universiti Teknologi Malaysia, Skudai Johor, Malaysia

27 APRIL 2026

Technical Session

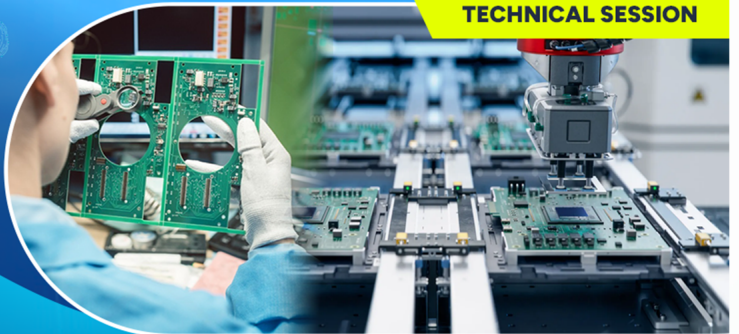

# PCB INSPECTION & ESD AWARENESS

APRIL-30-2026

UNIVERSITI KEBANGSAAN MALAYSIA, SELANGOR

TECHNICAL SESSION

# Guide to IPC STANDARDS For PCB

MAY 7 THURSDAY | Time 11 AM (Malaysia Time)

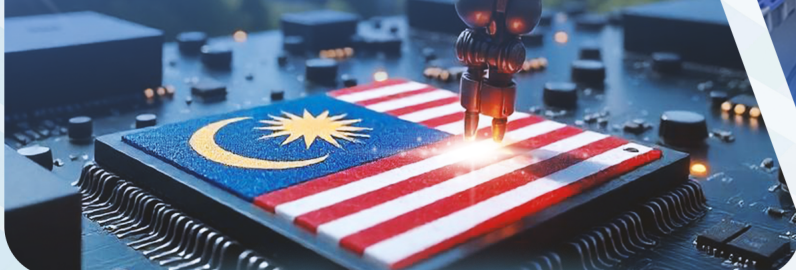

LIVE WEBINAR

Dr. Raneer Ramya  
Country Manager - Malaysia  
Global Electronics Association

Saurabh Saxena  
Manager - Standards  
South East Asia & India  
Global Electronics Association

# INDUSTRY NETWORKING & TECHNICAL SESSION

UPCOMING TRAININGS

Global Electronics Association

5<sup>TH</sup> EDITION

Integrated Electronics

Manufacturing & Interconnections

2027 MALAYSIA

APRIL 13

KUALA LUMPUR

Malaysia International Trade and Exhibition Centre (MITEC)

APRIL 15

PENANG

Setia SPIICE Convention Center

**A**EROSPACE  
UTOMOTIVE  
RTIFICIAL INTELLIGENCE

EXHIBITION

CONFERENCE

B2B MEETINGS

## STANDARD DEVELOPMENT ACTIVITIES

### NEW PROJECT

Kick off meeting conducted -  
13\* Nov. 2025  
(Matt Kelly, David Bergman)

Members from EMS, Wire Harness,  
Design & Semiconductor organisations  
(Total members: 21)

### CALL FOR PARTICIPATION

## STANDARD DEVELOPMENT

Guidelines for  
Requirements and  
Acceptance of  
'MMIC Assemblies and  
Interconnections'

INTERESTED PERSONNEL MAY SEND THEIR NOMINATIONS  
TO JOIN THE TEAM ON VOLUNTEER BASIS
