Semiconductors

Materials/Processes/  
Services

Original Equipment  
Manufacturer

Government  
Organizations

PCB Manufacturers

Design & R&D Centers

Suppliers of Equipment

## PARTICIPATING COUNTRIES

## STRENGTHENING INDIA-MALAYSIA ELECTRONICS COLLABORATION

IEMI 2026 saw strong participation from Malaysia, highlighting growing India - Malaysia collaboration across electronics manufacturing, automation, EVs, and defence & aerospace. The delegation, comprising industry leaders, technology providers, and EV stakeholders, engaged in keynotes, B2B meetings, factory visits, and high-level networking, making Malaysia one of the most active ASEAN partners at the show.

### Key Supporting Partners of IEMI 2026:

## SENIOR MALAYSIAN LEADERSHIP REPRESENTED AT THE INAUGURAL SESSION

The Inaugural Session of IEMI 2026 was elevated by distinguished Malaysian Delegate:

#### CHIEF GUEST

**Mr. S. Jai Shankar**  
Deputy CEO  
Malaysia External Trade  
Development Corporation  
(MATRADE)

#### GUEST OF HONOR

**Mr. Jacob Lee Chor Kok**  
President  
Federation of Malaysian  
Manufacturing (FMM)

Their presence underscored Malaysia's institutional commitment to deepening trade, supply chain collaboration, and manufacturing partnerships with India.

## MALAYSIAN SPEAKER AT THE INDIA-ASEAN EV FORUM

Malaysia was strongly represented at the India-ASEAN EV Forum, reinforcing its growing role in the regional electric mobility ecosystem.

**Dennis Chuah**, President, EV Association of Malaysia (EVAM), participated as a panel speaker during the EV Forum panel discussion.

**The session, focused on "Building Electronics for Better EV", explored:**

- ▶ Electronics integration in EV manufacturing
- ▶ Cross-border EV supply chain collaboration
- ▶ ASEAN-India EV market opportunities

*Malaysia's contribution added valuable perspective on regional EV adoption, industry alignment, and policy-driven growth, supported by EVAM's active role in advancing Malaysia's EV ecosystem.*

## MALAYSIAN SPEAKER AT THE DEFENCE & AEROSPACE ELECTRONICS FORUM

#### Dr. Khalid Nor

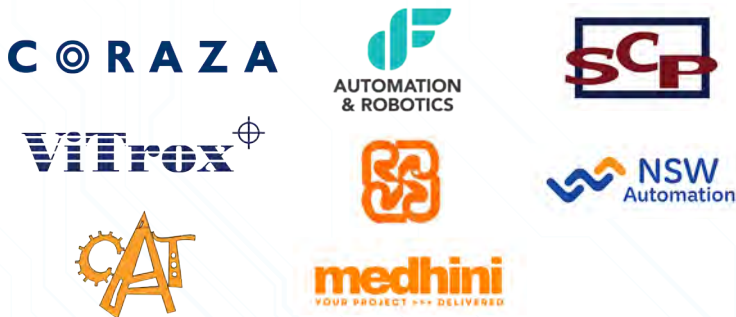

Sr. Vice President – Industry Development Division  
National Aerospace Industry Corporation (NAICO) Malaysia

Participated in the Defence & Aerospace Electronics Forum as the Keynote Speaker, representing Malaysia's aerospace industry

# MALAYSIAN COMPANIES – STRUCTURED B2B ENGAGEMENT & EXHIBITORS

A dedicated B2B platform was curated for Malaysian companies across both event days (January 29–30, 2026), facilitating structured meetings with Indian OEMs, EMS companies, and technology providers.

## Participating Malaysian Companies:

In addition to B2B meetings, Malaysian companies showcased their capabilities under the **Malaysia Pavilion**, with MATRADE playing a key role in facilitating and bringing Malaysian exhibitors to participate at IEMI 2026.

CENTUM Electronics Limited

Trident Infosol Private Limited

## Factory Visits – Technology & Capability Exchange

January 28, 2026

TVS Electronics Limited

## STRATEGIC OUTCOMES & FORWARD PATH
